

**CO STAR\***

711184, In-Car Mounting Bracket for Mazda 6 - 08> 09/2012

- Unclip the silver moulding on the transmission tunnel that also traverses the glove box
- Unclip the gear shift surround
- Unclip the outer gear shift trim
- Remove the two Phillips screws next to the ACC unit securing the fascia silver trim and unclip this
- Locate the bracket with the upper screw
- Refit the fascia trim around the bracket and the remainder of the trim
