

## Data Sheet

# Ericsson Cradlepoint R920

2024 - 11 - 13

The Ericsson Cradlepoint R920 ruggedized router is a uniquely agile cellular networking solution that meets organizations' needs for flexible connectivity and product standardization for vehicles and IoT. The R920 is a ruggedized LTE networking platform available with either Mobile or Ruggedized IoT Ericsson NetCloud Service plans, providing features optimized for the needs of the differing deployments.

## High-Performance Vehicle Connectivity

The Ericsson Cradlepoint R920 router with the Ericsson NetCloud Mobile Service plan provides a ruggedized GNSS/GPS-enabled in-vehicle network solution. Combined with the Ericsson Cradlepoint RX20 managed accessory, the R920 can be field upgraded to include a second LTE or 5G modem. When coupled with the Advanced Mobile Service plan, it provides threat management, web filtering, application visibility, analytics, and advanced GNSS/GPS functionality such as location tracking and cellular coverage maps. The R920 also supports NetCloud Exchange services, which provide Zero Trust Network Access and cellular-optimized SD-WAN.

## Ruggedized IoT Solution

When combined with the Ericsson NetCloud Ruggedized IoT Service plan, the R920 provides a versatile, ruggedized 4G LTE router solution for connecting and protecting IoT devices at scale. It can be deployed in a wide range of environmentally harsh IoT use cases such as kiosks, building automation, oil and gas, utility, and smart city infrastructure deployments. The ruggedized design and the CBRS band support make it ideal for private networks. In addition, the solution is highly extensible with APIs, SDKs, and integrations into IoT platforms, and the generous memory supports onboard edge containers. The R920 also supports NetCloud Exchange services, which provide Zero Trust Network Access and cellular-optimized SD-WAN.

## Notable Benefits

- Gain fast, reliable connectivity with Cat 7 LTE providing fast upload for video and data
- Add a second LTE or 5G cellular modem for multi-link dependability
- Deploy Wi-Fi 6 for the best possible connections
- Prioritize access to public safety networks for reliable, secure connectivity
- Enable unified edge security with application-aware multizone firewalls, IDS/IPS, and available FIPS 140-3 Level 1 Implementation Under Test
- Extend your deployment and enable customized solutions with powerful edge compute capabilities, including containers, connectors, SDKs, and API support
- Utilize the R920-C7A on private cellular networks with Band 48 CBRS

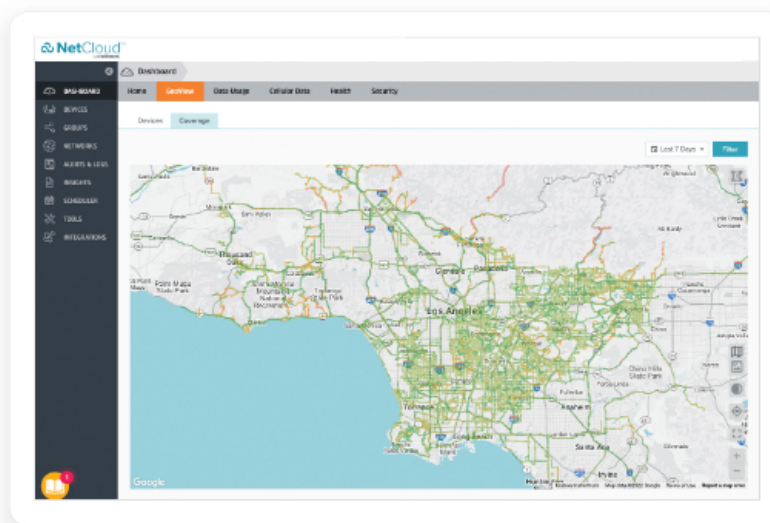

## Key Software Capabilities

Ericsson NetCloud Service for the R920 provides everything needed to unlock the power of LTE and connect vehicles, users, and IoT to critical applications and services. The available Ericsson NetCloud IoT or Mobile service plans include the appropriate router software with powerful cloud management features for managing IoT at scale, or specific mobile features like coverage maps, integrated content filtering, intrusion detection and protection, and application-aware analytics and networking. Everything within Ericsson NetCloud works together, making it easy to deploy, connect, and secure edge applications at scale across the organization.

## Coverage Map

Ericsson NetCloud uses GNSS/GPS and cellular health to provide precise location and signal strength analytics. Data can be mapped to display both a vehicle's current and historical locations, as well as generate detailed coverage maps that display cellular health, allowing users to gain operational insights and solve problems.

## Security Services

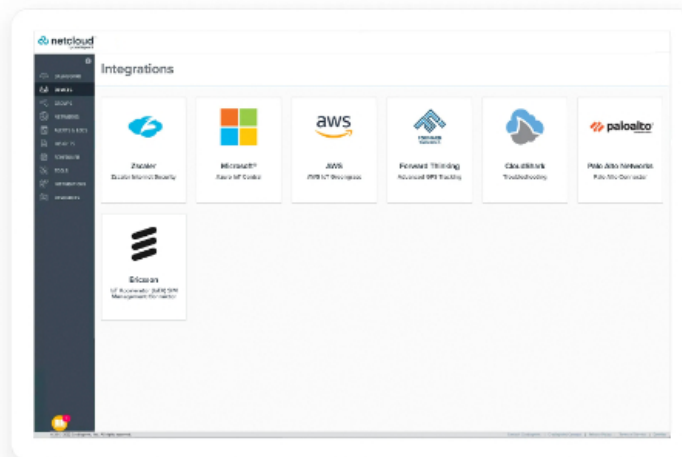

Ericsson NetCloud Service includes security features and options to optimize the R920 router to meet the evolving security needs of mobile and IoT environments. The service includes a stateful zone-based firewall with the ability to add application-aware zone-based firewall, CP Secure Threat Management (IPS/IDS), and CP Secure Web Filter with the Advanced Mobile Service plan.

The R920 supports NetCloud Exchange, a unified network and security WAN architecture built upon zero-trust principles and optimized for cellular. NetCloud Exchange helps lean IT organizations simplify deployment and management with shared policies and simplified processes.

# Extensibility and Integrations

Ericsson NetCloud Service and the R920 router can provide higher levels of insights and control by exchanging network data with third-party applications. Leverage pre-built connections to partner applications or create custom connections across a variety of use cases using the NetCloud Container Orchestrator, NetCloud SDK, or NetCloud API.

# Cloud Services

NetCloud Manager delivers true zero-touch deployment with the ability to define and deliver policy across entire groups of endpoints. Users can create a cloud-orchestrated hub and spoke VPN network, and gain insights and analytics required for rapid troubleshooting and diagnostic workflows.

## Hardware Specifications

The following features are delivered through the hardware.

INTERFACES	
<b>Modem:</b>	Embedded Cat 7 LTE modem <ul style="list-style-type: none"> <li>— 2 x SMA cellular antenna connectors</li> </ul>
<b>Ethernet:</b>	2 x GbE (LAN/WAN switchable)
<b>Wi-Fi:</b>	Dual-radio, dual-band, concurrent operation (2.4 GHz and 5 GHz) <ul style="list-style-type: none"> <li>— 2x2 MU-MIMO 802.11ax Wi-Fi 6 with DFS</li> <li>— Modes: AP, Wireless Client, and Wi-Fi as WAN</li> <li>— 574 Mbps (2.4 GHz) and 1.2 Gbps (5 GHz)</li> <li>— 2 x RP-SMA Wi-Fi antenna connectors</li> <li>— WPA/WPA2/WPA3 Personal, WPA2/WPA3 Enterprise, Open</li> <li>— 802.11k (AP mode only), 802.11v</li> <li>— Wi-Fi Alliance Certified</li> </ul>
<b>Bluetooth:</b>	Embedded Bluetooth Low Energy 5.1 <ul style="list-style-type: none"> <li>— Max TX Power: 10 dBm</li> <li>— 1 x RP-SMA Bluetooth antenna connector†</li> </ul>
<b>Expansion:</b>	<ul style="list-style-type: none"> <li>— 1 x USB 2.0 Type A (Output: 5 V, 500 mA, 2.5 W) with screw lock feature for mechanically secure connections</li> <li>— 1 x 2-pin GPIO connector (shared with the DC power connector)                             <ul style="list-style-type: none"> <li>— 2x2 Molex micro-fit (3 mm locking type)</li> </ul> </li> </ul>
<b>GNSS / GPS:</b>	1 x SMA GNSS antenna connector

GNSS / GPS	
Acquisition: (Time to First Fix)	32 seconds (cold start)
Protocols:	NMEA 0183
Constellations:	<ul style="list-style-type: none"> <li>— GPS</li> <li>— Galileo</li> <li>— GLONASS</li> <li>— BeiDou</li> <li>— QZSS (simultaneous tracking)</li> </ul>
Accuracy:	Horizontal: < 5 m (50%), < 9 m (95%)
Update Rate:	1 Hz (once per second)
Sensitivity:	<ul style="list-style-type: none"> <li>— Acquisition: -145 dBm</li> <li>— Tracking: - 160 dBm</li> </ul>
Frequencies:	L1
Power:	<ul style="list-style-type: none"> <li>— Voltage Supply: 3.05-3.25 VDC</li> <li>— Max Current: 100 mA</li> </ul>
ENVIRONMENTAL	
Temperature:	<ul style="list-style-type: none"> <li>— Operating: -30 °C to 75 °C (-22 °F to 167 °F)<sup>††</sup></li> <li>— Storage: -40 °C to 85 °C (-40 °F to 185 °F)</li> </ul>
Humidity:	<ul style="list-style-type: none"> <li>— Operating: 10% to 90%</li> <li>— Storage: 5% to 95%</li> </ul>
Ingress Protection:	IP64 (dust tight and splashing water)
POWER	
Required:	DC input steady state voltage range: 9–36 VDC  <ul style="list-style-type: none"> <li>— For 9–12 VDC installations, use a 3 A fuse</li> <li>— For &gt; 24 VDC installations, use a 2 A fuse</li> </ul>
Features:	Ignition sensing (automatic ON and time-delay OFF)
Consumption:	<ul style="list-style-type: none"> <li>— Sleep: 15 mW</li> <li>— Idle: 9 W</li> <li>— Typical: 14.5 W</li> <li>— Heavy: 15.2 W</li> </ul>
PHYSICAL	
Size:	133.6 x 121.5 x 41 mm (5.26 x 4.78 x 1.61 in)
Weight:	595 g (1 lb 5 oz)
RELIABILITY	
Calculated MTBF:	637,911 hours (Telcordia SR332 at 25 °C)

CERTIFICATIONS	
<b>Safety:</b>	<ul style="list-style-type: none"> <li>— UL/cUL</li> <li>— CB Scheme</li> <li>— EN 62368-1</li> </ul>
<b>Vehicle:</b>	<ul style="list-style-type: none"> <li>— E-Mark</li> <li>— SAE J1455 Operating Sinusoidal Vibe, Category 2</li> </ul>
<b>Rail:</b>	EN 61373 Category 1, Class B (Railway rolling stock)
<b>Materials:</b>	<ul style="list-style-type: none"> <li>— WEEE</li> <li>— RoHS, RoHS-2</li> <li>— California Prop 65</li> </ul>
<b>Security:</b>	FIPS 140-3 Level 1 Module in Process (R920 FIPS models only)
<b>Shock/Vibration/Humidity:</b>	<ul style="list-style-type: none"> <li>— MIL-STD-810G Method 514.6, Annex C-2.1, Category 4 (Vibration)</li> <li>— MIL-STD-810G Section 2.2.2 Procedure 1 (Shock, Vibration)</li> </ul>
<b>Hazardous Locations:</b>	Class I Div 2
EDGE COMPUTING	
<b>CPU:</b>	Dual-core ARMv8 64-bit
<b>Memory:</b>	Up to 921 MB See <a href="#">Adjusting Memory Resources for NetCloud Container Orchestrator</a> for more information.
<b>Flash Storage:</b>	Up to 8 GB See <a href="#">Adjusting Memory Resources for NetCloud Container Orchestrator</a> for more information.
<b>Applications:</b>	Docker containerized applications
CLOUD SERVICES	
<b>Service Plans:</b>	Ericsson NetCloud Service for Mobile, NetCloud Service for Ruggedized IoT
<b>Service Add-Ons:</b>	NetCloud Exchange, Ericsson NetCloud Advanced
<b>Support:</b>	Ericsson NetCloud packages include support for the full subscription term.
<b>Warranty:</b>	All Ericsson Cradlepoint hardware products are covered by a limited lifetime warranty for as long as they have a subscription license to an active Ericsson NetCloud Service plan.
<b>Device Management:</b>	NetCloud Manager for the full subscription term.
<b>Software Updates:</b>	NetCloud Manager for the full subscription term.
WI-FI POWER	
<b>FCC:</b>	<ul style="list-style-type: none"> <li>— 2.4 GHz: 23.18 dBm conducted</li> <li>— 5150–5250 MHz: 21.73 dBm conducted</li> <li>— 5250–5350 MHz: 22.17 dBm conducted</li> <li>— 5470–5725 MHz: 20.79 dBm conducted</li> <li>— 5725–5850 MHz: 20.97 dBm conducted</li> </ul>

<b>Typical Client Count:</b>	30
<b>Layer 2 / Layer 3 VLANs:</b>	Up to 64
<b>LEDs</b>	
See the <a href="#">R920 Series Ruggedized Router Quick Start Guide</a> .	

<sup>†</sup>NOTE: All antenna interfaces require cabled out external antennas and are not compatible with direct-attached antennas.

<sup>††</sup>Wi-Fi and cellular performance may degrade and the RX20 managed accessory is not supported when operating above 70 °C.

<sup>†††</sup>Performance testing conducted based on requirements as defined in RFC2544 using fixed-frame 1518-byte packets. Throughput results reflect uni-directional UDP traffic with less than 1% packet loss as tested with wired connections. Results do not reflect performance of the cellular wireless operator networks.

<b>Network:</b>		

† Cellular carriers and operators throughout the world may only require telecom industry certifications, like PTCRB or GCF, to operate on their network. Some carriers require additional testing and approval, beyond telecom certifications. A carrier listed in the approvals section means Cradlepoint completed additional testing and acquired technical approval for that given carrier. Any carrier not listed may not require additional testing or approval beyond telecom industry certifications to operate on their network.

# Ordering Guide

Ericsson NetCloud Mobile and Ericsson NetCloud Ruggedized IoT Essentials packages and plans contain all the features and capabilities required for a broad range of mobile, in-vehicle, and IoT applications. Essentials packages include 24x7 support (phone support: 24-hour weekdays with emergency response on weekends, web: 24x7, chat: 24x5) and a limited lifetime warranty.

For additional capabilities, an Ericsson NetCloud Mobile Advanced Plan or Ericsson NetCloud Ruggedized IoT Advanced Plan can be added to the Ericsson NetCloud Mobile or Ruggedized IoT Essentials package at any time.

See additional details of what is included in the Essential and Advanced Ericsson NetCloud software: [cradlepoint.com/netcloud-service](https://cradlepoint.com/netcloud-service)

## Accessories

INCLUDED	PART NUMBER
NetCloud Mobile Packages only:	
— GPIO Cable, small 2x2, black, 3 meters, 20 AWG	170864-000
— Mounting Template	
NetCloud Ruggedized IoT Packages only:	
— Cellular Antennas, charcoal, 600 MHz - 6 GHz, SMA, 180 mm (Qty 2)	170801-000
— Wi-Fi Antennas, charcoal, dual-band 2.4/5 GHz, RP-SMA, 194 mm (Qty 2)	170836-000
— AC power adapter	
NetCloud Ruggedized IoT Packages only, one of the following:	
— Power Supply, 12 V Small 2x2 1.5 meters (North America Type A)	170716-001
— Power Supply, 12 V Small 2x2 1.5 meter (North America-United Kingdom-Europe-Australia Types A-G-C-I)	170717-000
OPTIONAL	PART NUMBER
Vehicle Charger, 12 V, 2x2, 2 meters	170635-000
Small 2x2 Power to Barrel Adapter, 152 mm	170665-000
Mag Mount Kit	170718-000
Power Supply, 12 V Out, small 2x2 (C7 line cord not include), -30 °C to 70 °C (-22 °F to 158 °F)	170869-000
USB to RS232 Extensibility Cable	170873-000

LTE Captive Modem Accessory, Indoor	
— L950-C7A (300 Mbps modem), Americas	170900-005
— L950-C7A (300 Mbps modem), Global	170900-006
5G Captive Modem Accessory, Outdoor	
— R2155-5GB (4.1 Gbps modem), Global	170900-015
DIN Rail Mounting Bracket	170904-000
RX20-MC Managed Accessory — Modular Modem, GPIO and serial (modem sold separately)	MA-RX20-MC
— MC400 5G Modem (requires 4FF SIM)	MB-MC400-5GB
<b>UNITED STATES FEDERAL GOVERNMENT INCLUDED</b>	<b>PART NUMBER</b>
Cellular Antenna, charcoal, 600 MHz - 6 GHz, SMA, 180 mm	TAA-170801-000
Power Supply, vehicle, 12 V, 2x2, 2 meters	TAA-170635-000
Power Supply, 12 V, small 2x2, 1.5 meters (North America Type A)	TAA-170716-000
Power Supply, 12 V, small 2x2, 1.5 meters (North America-United Kingdom-Europe-Australia Types A-G-C-I)	TAA-170717-000
Small 2x2 Power to Barrel Adapter, 152 mm	TAA-170665-000
GPIO Cable, small 2x2 black, 3 meters, 20 AWG	TAA-170864-000
<b>UNITED STATES FEDERAL GOVERNMENT OPTIONAL</b>	<b>PART NUMBER</b>

Mag Mount Kit	TAA-170718-000
5G Captive Modem and Wi-Fi Accessory, outdoor, R2105-5GB (4.1 Gbps modem), Global	TAA-170900-014
5G Captive Modem Accessory, outdoor, R2155-5GB (4.1 Gbps modem), Global	TAA-170900-015

## Support & Warranty

The R920 mobile router is only sold as a component of NetCloud Mobile / NetCloud Ruggedized IoT Essentials or Essentials and Advanced Packages.

- NetCloud Packages include support for the full subscription term.
- All Cradlepoint hardware products are covered by a limited lifetime warranty for as long as they have a subscription license to an active NetCloud Service Plan.

## More Information

Find the most up-to-date information at [cradlepoint.com/r920-series](https://cradlepoint.com/r920-series)
